David,

Our data specialist is finishing up her write-up. We should have it out in less than 30 minutes.

It is an analysis of the data. Hopefully it meets your needs.

-Ed.

Ed,

Any update or ETA for this comparison?

David

Subject: Sampling at the mine

Ed,

Can you have one of your folks take a look at the attached data? I would like to do a comparison as to what is coming out of the mine versus what is being discharged from the treatment plans.

To our IC's:

I have cut-and-paste e-mails in response to our question on samples at the mine site.

Hi Joyce,

I hope this helps. I am about to drive down to Purgatory and haven't had a chance to review the table.

Jamie wanted to mention that these are both preliminary and validated data. Let me know if this is not what you were looking for and we can modify it.

Thanks,

Megan Oller
